For power system expertise

The **Power and Energy Student Summit 2020 (PESS)** is designed for *students, young professionals, and PhD-students* in the field of **power engineering**. PESS 2020 offers the possibility to gain first experience in presentation, publication and discussion with a renowned audience of specialists. Therefore, the Conference is accompanied and supervised by established scientists and experts.

PESS 2020 in Darmstadt is supported by CIGRE Germany's Young Member Group
